

INNCHARGE
EM Series

Lets Power up the Future

smartinn **Ev**

Power That Stays. Performance That Delivers

Inncharge EM11S

11kW Charger

Powerful. Reliable. Energy Efficient

smartinn.ev

POWERING THE FUTURE OF EV CHARGERS — TODAY

DISCOVER THE SMARTER, SAFER WAY TO POWER YOUR EV

Stay Connected Anywhere

Experience seamless connectivity with WiFi, Siri, Matter & Alexa

Leakage Protection

Built-in safety feature to prevent electric leakage

Fast & Efficient Charging

With a powerful output of up to 11kW effective charging for your EV

Weather-Resistant Design

IP55 protection rating ensures reliable operation in all conditions

CORE FEATURES

CCS Technology Fast EV Charging Solutions

smartinnEV

Easy to Read Display
2.4-inch color LED display
showing charging status

Universal Compatibility
Compatible with all
Type 2 EVs

Plug & Play Design
Quick setup
ready to charge

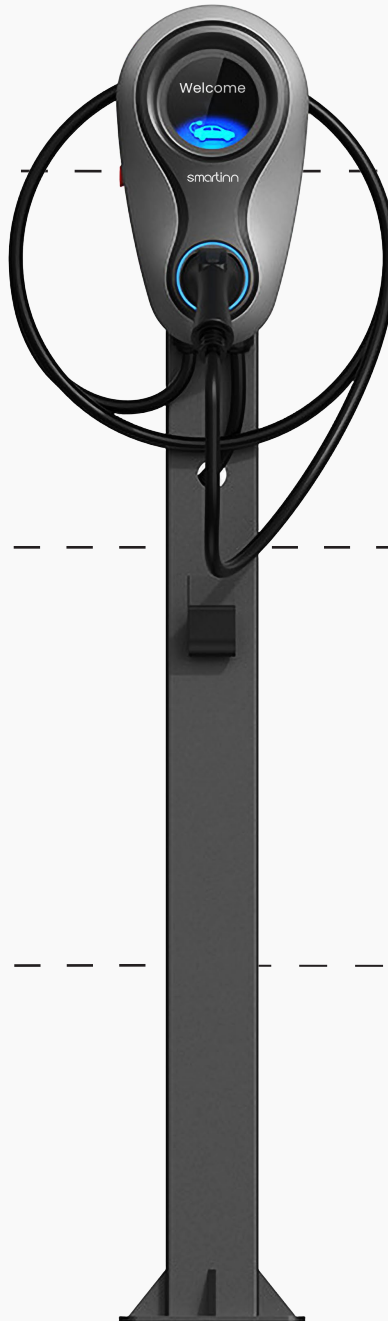

Seamless App Integration
Full charging control
via smartinn app

Foundation Mount
Anti-theft security,
weatherproof
installation

Dynamic Load Balancing
Automatic load
balancing for safety

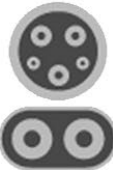

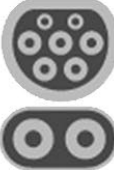

TECHNICAL KEY FEATURES

PARAMETER	SPECIFICATION
Dimensions Length	206×368×153 mm (W × H × D)
Net weight	About 5kg (excluding column)
Working Temperature	-20 °C ~ +55 °C
Storage temperature	40 °C ~ +85 °C
Display Mode	LED 2.8-Inch Screen
Gun line length	3.6 meters (customizable)
Installation method	Column or Wall mounting
Operating Enviornment	Indoor Or Outdoor
Input voltage	AC 400 V ±20%
Input plug	32A industrial plug
Output current	16A-32A adjustable (color screen model)
Rated Power	11kW
Startup mode	Plug and play
Charging mode	Automatic Full Charge, Scheduled Charging

ONE CHARGER, EVERY VEHICLE
